#### DECLARATION (including compulsory Food Chain Information)

- All consignors must be members of an Approved Organic scheme and Farm Assurance scheme. Valid copies of organic registration must be **Given** to McIntosh Donald, **PRIOR** to animals arriving on site.
- All animals must have 2 official eartags and correct passport on arrival. Passports must correspond with the eartags on animal presented – Failure to match may result in carcase being condemned.
- All steers and heifers must be under 30 months of age on date of slaughter.
- Only animals born reared and finished in Scotland and having continuous farm assurance status from birth are eligible for the Scotch Beef label
- Animals with English & Welsh passports are not accepted at McIntosh Donald.
- Animals must be on the final farm for a minimum of 20 days and will have been resident on no more than four farms.
- No illegal substances or feed containing ingredients of animal origin have been used in the rearing or finishing of these cattle and all medicinal withdrawal periods have been observed. No Digestive enhancers have been fed to these animals
- These animals meet Vion Group/MHS cleanliness grades 1 and 2. Should any be above this grade I understand they may be rejected and returned to farm.
- All hauliers used must be members of the Farm Assured Haulier Scheme.
- The holding IS NOT under movement restrictions for bovine tuberculosis (TB)
- Cattle on the holding are not under movement restrictions for other animal disease or public health reasons (excluding a 6-day standstill)
- Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while in my ownership and previous ownership(s).
- To the best of my knowledge the animals are not suffering from any disease or condition that might affect the safety of meat derived from them.
- No analysis of samples taken from the animals on the holding or other samples on the holding has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat, or to substances likely to result in residues in meat.

<b>I DECLARE THAT THIS CONSIGNMENT COMPLIES WITH ALL OF THE ABOVE</b>
