- Sheep / goats on the holding are not under movement restrictions for animal disease or public health reasons (excluding 6 day standstill)
- Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while on this holding and previous holdings.
- To the best of my knowledge the animals are not suffering from any disease or condition that may affect the safety of the meat derived from them.
- No analysis of samples taken from the animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of the meat or to substances likely to result in residues in the meat.
- I declare that this batch of lambs sold to Woodhead Brothers have resided on the above Farm Assured holdings for 60 days. Where the residence time has been shared over several holdings, the farm assurance numbers are noted above.
- I declare that these lambs conform to PGI status requirements. Please tick if applicable. (i.e. born and reared in Wales, less than 12 months old and not been bred from.)
- To the best of my knowledge the livestock supplied are not cloned animals or the first generation offspring of cloned animals.
