Statements:

- Cattle on the holding are not under movement restrictions for other animal disease or public health reasons (excluding 6 day standstill).
- I declare that this batch of cattle sold to Woodhead Brothers have resided on a Farm Assured holding for 90 days, but have resided on the above holding for a minimum of 30 days.
- Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while on this holding and previous holdings.
- To the best of my knowledge the animals are not suffering from any disease or condition that may affect the safety of the meat derived from them.
- No analysis of samples taken from the animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of the meat or to substances likely to result in residues in the meat.
- To the best of my knowledge the livestock supplied are not cloned animals or the first generation offspring of cloned animals.
- Please be aware that "it is illegal to transport an animal that is considered unfit for travel. This includes heavily pregnant females." This is primarily your responsibility as a producer, but can result in you or your haulier losing their licence to transport livestock. If you think a heifer may be in calf, please contact your vet for a PD.
- **I declare that this batch of cattle are sired by a Beef Shorthorn, Shorthorn or Whitebred Shorthorn bull and have been fed under the dietary requirements of the Shorthorn Scheme.**
